EU-WEST
APAC

LingoNow! – Key Features

- **Beyond Anki:** Not just another flashcard app. A purpose-built environment designed specifically for complex lexicon acquisition and retention.
- **SRS on Steroids:** Powered by a high-precision Spaced Repetition System. Engineered to move vocabulary from short-term cache to permanent reflex.
- **Micro-Learning/Macro-Results:** Optimized for high efficiency. Even a five-minute session drives measurable progress in your maturation cycle.
- **Total Mobility:** Practice anytime, anywhere. Your lexicon database stays synced and accessible across your mobile environment.
- **Granular Control:** Highly customizable parameters and detailed analytical stats for learners who demand transparency in their progress.
- **Feature-Dense Architecture:** Packed with advanced tools for deep-dive study, moving beyond simple word-pair translation.
- **Pre-loaded & Custom Decks:** Jumpstart your learning with curated modules or architect your own specialized lexicon from scratch.
- **Engineered Motivation:** An addictive, logic-driven interface designed to keep you engaged and moving toward total language fluency.
